this handbook examines agricultural and rural development in africa from theoretical empirical and policy stand points it discusses the challenges of the united nations sustainable development goals sdgs and assesses how poverty and other development concerns can be addressed in rural communities through agricultural

transformation additionally the handbook extends the post 2015 development agenda and it emphasizes the importance of the agricultural sector as it is closely related to the issues of food sustainability poverty reduction and employment creation the contributors suggest multiple evidence based policies to develop the rural areas through the transformation of the agricultural sector which can significantly benefit the african continent

workers remittances have become a major source of financing for developing countries and are especially important in latin america and the caribbean which is at the top of the ranking of remittance receiving regions in the world while there has been a recent surge in analytical work on the topic this book is motivated by the large heterogeneity in migration and remittance patterns across countries and regions and by the fact that existing evidence for latin america and the caribbean is restricted to only a few countries such as mexico and el salvador because the nature of the phenomenon varies across countries its development impact and policy implications are also likely to differ in ways that are still largely unknown this book helps fill the gap by exploring in the specific context of latin america and caribbean countries some of the main questions faced by policymakers when trying to respond to increasing remittances flows the book relies on cross country panel data and household surveys for 11 latin american countries to explore the development impact of remittance flows along several dimensions growth poverty inequality schooling health labor supply financial development and real exchange rates

international migration is a dynamic global phenomenon that has been drawing increasing attention from both scholars and policymakers over the last few decades it is particularly relevant to south asia since the region is a vast source of sojourner migrant labour as well as home to permanent immigrant and diaspora communities the chapters brought together in this volume provide insights into the study of international migration diaspora engagement and remittances in south asia in particular they analyse the implications of this phenomenon in relation to development and shed light on migration and diaspora led development in two sections firstly remittance induced development and secondly diaspora induced development the geographic focus of the volume is the global south asian emigrant population who live outside the region this volume demonstrates that international migration remittances and development offer an exciting field of academic study as well as a vibrant area of policy study its multi disciplinary dimensions enlarge its scope and applicability across several domains as such this volume offers an important contribution to the growing field of international migration in both the academic and policy spheres

this book explores the intricate activities and systems that underpin international trade and development in africa the relationship between trade and economic

performance is analysed with a particular emphasis on financial development trade liberalization and the welfare implications of fta a critical reflection of international trade and development in africa is provided that highlights how institutions that govern the international trade system largely found in the global north have enabled developed countries to benefit most from african trade emerging issues such as fdi the covid 19 pandemic the gendered nature of trade remittances and digital trade are also discussed this book aims to examine how africa can play a more active role international trade and how the trade systems can be altered to help drive economic growth and development in africa it will be relevant to students and researchers interested in development and african economics

around the world hundreds of millions of labor migrants endure exploitation lack of basic rights and institutionalized discrimination and marginalization what dynamics and drivers have created a world in which such a huge and rapidly growing group toils as marginalized men and women existing as a lower caste institutionally and juridically in what ways did labor migrants shape their living and working conditions in the past and what opportunities exist for them today global labor migration presents new multidisciplinary transregional perspectives on issues surrounding global labor migration the essays go beyond disciplinary boundaries with sociologists ethnographers legal scholars and historians contributing research that extends comparison among and within world regions looking at migrant workers from the late nineteenth century to the present day the contributors illustrate the need for broader perspectives that study labor migration over longer timeframes and from wider geographic areas the result is a unique much needed collection that delves into one of the world s most pressing issues generates scholarly dialogue and proposes cutting edge research agendas and methods contributors bridget anderson rutvica andrijasevic katie bales jenny chan penelope ciancanelli felipe barradas correia castro bastos eileen boris charlie fanning judy fudge jorge l giovannetti torres heidi gottfried julie greene justin jackson radhika natarajan pun ngai bastiaan nugteren nicola piper jessica r pliley devi sacchetto helen sampson yael schacher joo cheong tham and matt withers
