solomon and higgins s engaging text covers philosophy s central ideas in an accessible approachable manner through an exploration of timeless big questions about the self god justice and other meaningful topics the authors provide students with the context they need for an understanding of the foundational issues while giving them the impetus and confidence to establish their own informed positions on these big questions to give you the flexibility to fit the book to your course the authors have designed each chapter with self contained discussions thus making it easy for you to choose your preferred topics and presentation order important notice media content referenced within the product description or the product text may not be available in the ebook version

introducing philosophy a text with integrated readings tenth edition is a thorough introduction to the core problems of philosophy including explanations and background by the authors along with generous excerpts from the philosophers under discussion organized topically the chapters present alternative perspectives including analytic continental feminist and non western viewpoints alongside the historical works of major philosophers the text provides the course materials that allow instructors and students to focus on a variety of philosophical problems and perspectives spanning 2 500 years the selections range from the oldest known fragments to cutting edge contemporary essays

ways of being in the world is an anthology of the indigenous philosophical thought of communities across turtle island offering readings on a variety of topics spanning many times and geographic locations it was created especially to meet the

needs of instructors who want to add indigenous philosophy to their courses but are unsure where to begin as well as for students indigenous or otherwise who wish to broaden their horizons with materials not found in the typical philosophy course this collection is an invitation to embark on a relationship with indigenous peoples through the introduction of their unique philosophies

the aim of the present work is to study the esoteric characterization of king solomon that became popular in certain currents of judaism and christianity of late antiquity and to establish a typology of it representative texts are analyzed first to establish precisely the development of the different esoteric traditions linked to king solomon and then to show how these texts and traditions are placed in relation within the broad context of magic and religion in late antiquity the book provides data for a better understanding of magic and its role in the mediterranean oikumene suggests the necessity for a better categorization of the magical discipline and furthers the discussion on the transmission and importance of esoteric traditions withing judaism and christianity

for scholars working on almost any aspect of american thought the bloomsbury encyclopedia to philosophers in america presents an indispensable reference work selecting over 700 figures from the dictionary of early american philosophers and the dictionary of modern american philosophers this condensed edition includes key contributors to philosophical thought from 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading featuring a new preface by the editor and a comprehensive introduction the bloomsbury encyclopedia to philosophers in america includes 30 new entries on twenty first century thinkers including martha nussbaum and patricia churchland with in depth overviews of waldo emerson margaret fuller noah porter frederick rauch benjamin franklin thomas paine and thomas jefferson this is an invaluable one stop research volume to understanding leading figures

in american thought and the development of american intellectual history

part memoir part scholarship part manifesto for a vital approach to life david hazony s book tackles some of the most painful human questions that stand at the heart of who we are as modern thinking people and offers answers that are sure to start a new discussion about the meaning of one of our most enduring yet least understood traditions across the western world the ten commandments have become a source of both inspiration and controversy whether in supreme court rulings in film and literature or as a religious icon gracing houses of worship of every christian and jewish denomination but what do the commandments really stand for according to polls less than half of all americans can even name more than four of them fewer still can name all ten or have a clear idea of the ideals they were meant to promote for most of us agnostics and faithful alike they have been relegated to the level of a symbol and the teachings they contain are all but forgotten in western life today the ten commandments are everywhere except where we need them most in the ten commandments david hazony offers a powerful new look at our most venerable moral text combining a fresh reading of the old testament s most riveting stories and ancient rabbinic legends with a fearless exploration of what ails society today hazony shows that the ten commandments are not just a set of obscure laws but encapsulate a deeply valuable approach to life one that is as relevant now as it was when they first appeared more than two millennia ago

students save money by purchasing this bundle which includes the big questions a short introduction to philosophy 10th edition with access to mindtap philosophy with a single login for mindtap you can connect with your instructor organize coursework and have access to a range of study tools including e book and apps all in one place manage your time and workload without the hassle of heavy books the mindtap reader keeps all your notes together lets you print the material and will even read text out loud access to this product is valid for 6 months of usage

understanding the motivations behind those who partake in extreme sports can be difficult for some if the popular

conception holds that the incentive behind extreme sports participation is entirely to do with risking one's life then this confusion will continue to exist however an in depth examination of the phenomenology of the extreme sport experience yields a much more complex picture this book revisits the definition of extreme sports as those activities where a mismanaged mistake or accident would most likely result in death extreme sports are not necessarily synonymous with risk and participation may not be about risk taking participants report deep inner transformations that influence world views and meaningfulness feelings of coming home and authentic integration as well as a freedom beyond the everyday phenomenologically these experiences have been interpreted as transcendent of time other space and body extreme sport participation therefore points to a more potent life enhancing endeavour worthy of further investigation this book adopts a broad hermeneutic phenomenological approach to critique the assumed relationship to risk taking the death wish and the concept of no fear in extreme sports and repositions the experience in a previously unexplored manner this is valuable reading for students and academics interested in sports psychology social psychology health psychology tourism leisure studies and the practical applications of phenomenology

from abraham to saul bellow from moses maimonides to woody allen from the baal shem tov to albert einstein this comprehensive dictionary of jewish biographies provides a first point of entry into the fascinating richness of the jewish heritage modelled on the highly acclaimed dictionary of christian biography continuum 2001 and with the advice of leading jewish scholars the dictionary of jewish biography provides a rapid reference to those jewish men and women who have over the last four thousand years contributed to the life of the jewish people and the history of the jewish religion this dictionary will prove essential for general readers interested in the evolution of judaism from ancient times to the present day a perfect study aid for students and teachers designed as an accessible reference tool this volume is an indispensable guide for anyone interested in the history of the jewish people the uninitiated will become initiated the curious will become informed the informed will now have a handy reference tool
